

## Technical Data Sheet

**Methylated Spirits 95%**

**Adheseal**  
*The Adhesive and Sealant Specialists*

**Description:**

A denatured alcohol commonly used as an adhesive thinner for some adhesives and also as a general-purpose cleaning agent on non-porous surfaces.

**Uses:**

- For use as a cleaning solvent for non sensitive surfaces.
- Removing and cleaning-up of many adhesives.
- Preparing and cleaning substrates and tools before adhesive or sealant application.
- Thinner for some adhesives.

Test product on a small inconspicuous spot to ensure product does not stain.

**Clean UP:**

Allow to evaporate.

**Caution:**

Ensure adequate ventilation, test on surface before use to ensure compatibility.

**Packaging:** 20Lt

**SAFETY:** Avoid contact with skin and eyes. Avoid breathing dust, fume, gas, mist, vapour or spray. Wear overalls, safety shoes, impervious gloves and safety glasses. Use only in well ventilated areas. Wash hands after use. Keep containers closed when not in use.

**FIRE:** If material is involved in a fire use alcohol resistant foam, water fog (or if unavailable fine water spray), foam or dry agent (carbon dioxide, dry chemical powder).

**SPILLS & LEAKS:** Clear area of all unprotected personnel. Slippery when spilt. Wear protective equipment. Absorb with sand or soil. Collect and seal in properly labelled drums. Refer to State/Territory Land Waste Management Authority for disposal.

**FIRST AID:** If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766). If medical advice is needed, have product container or label at hand.

**SWALLOWED:** If swallowed, do NOT induce vomiting. Give a glass of water. Seek medical advice.

**EYE:** If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

**SKIN:** If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If irritation occurs seek medical advice.

**INHALED:** Remove from contaminated area. Seek medical advice

Type of product	Clear Liquid
Curing system	Evaporation
Density (specific gravity)	0.9
Consistency	Water thin
Storage: Cool Dry between	10dg—35dg
Shelf life	2 years minimum
Clean up	Leave to evaporate
Colours	Clear

**Safety**

This product is not classified as hazardous according to Work safe Australia however skin irritation and sensitisation may occur in sensitive individuals. Please consult M.S.D.S. for this product for further information.

**Guarantee / Warranty**

We warrant our products to be free of defects and manufactured to rigid quality control specification. As it is impossible to control the use and application of the products, the company's liability is limited to replacing such quantities of product as are proven to be defective. The company disclaims any claims for repainting or other labour resulting from the use of the product. No responsibility is assumed for consequential damages arising from the use of the product. All other warranties including (merchantability or fitness for a particular purpose) are excluded. No representative of the company is authorised to grant any warranty or waive this limitation of liability. All claims concerning product defects must be made within twelve months of shipment. Absence of such claim in writing during this period will constitute a waiver of all such claims with respect to such product.

**Adequate Tests**

The information contained in this bulletin we believe is correct to the best of our knowledge and tests. The recommendation and suggestion contained herein are made without guarantee or representation as to the results. We recommend that adequate tests be made in your laboratory or plant to determine if this product meets all your requirements.
